

VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY, ERODE-12

DEPARTMENT OF BIOMEDICAL ENGINEERING

INDUSTRIAL VISIT REPORT

Company Name : Aegous healthcare Pvt Ltd.,Ernakulam.

Date :30.04.2022

Introduction

The journey started with 79 students & 5 faculty members on 29.04.2022 and reached Cochin in morning. By completing refreshments, Wereached Aegous healthcare Pvt Ltd.,around 10.00 am. Then the experts explained about Ageous healthcare Pvt Ltd., and their facilities and how they are helpful in biomedical engineering.

Also the experts enlightened us with various types of innovation on healthcare, their relevance, complexity, affordability, how they help us in solving problems, understanding of the medical instruments, building and interfacing them.

About Aegous healthcare Pvt Ltd

Aegous healthcare Pvt Ltd has made a name for itself in the list of top suppliers for Ultrasound machines in Kerala. This company is located at Ernakulam, Kerala. This company not only manufacturing Ultrasoundmachines, they also provide services and internships for biomedical students.

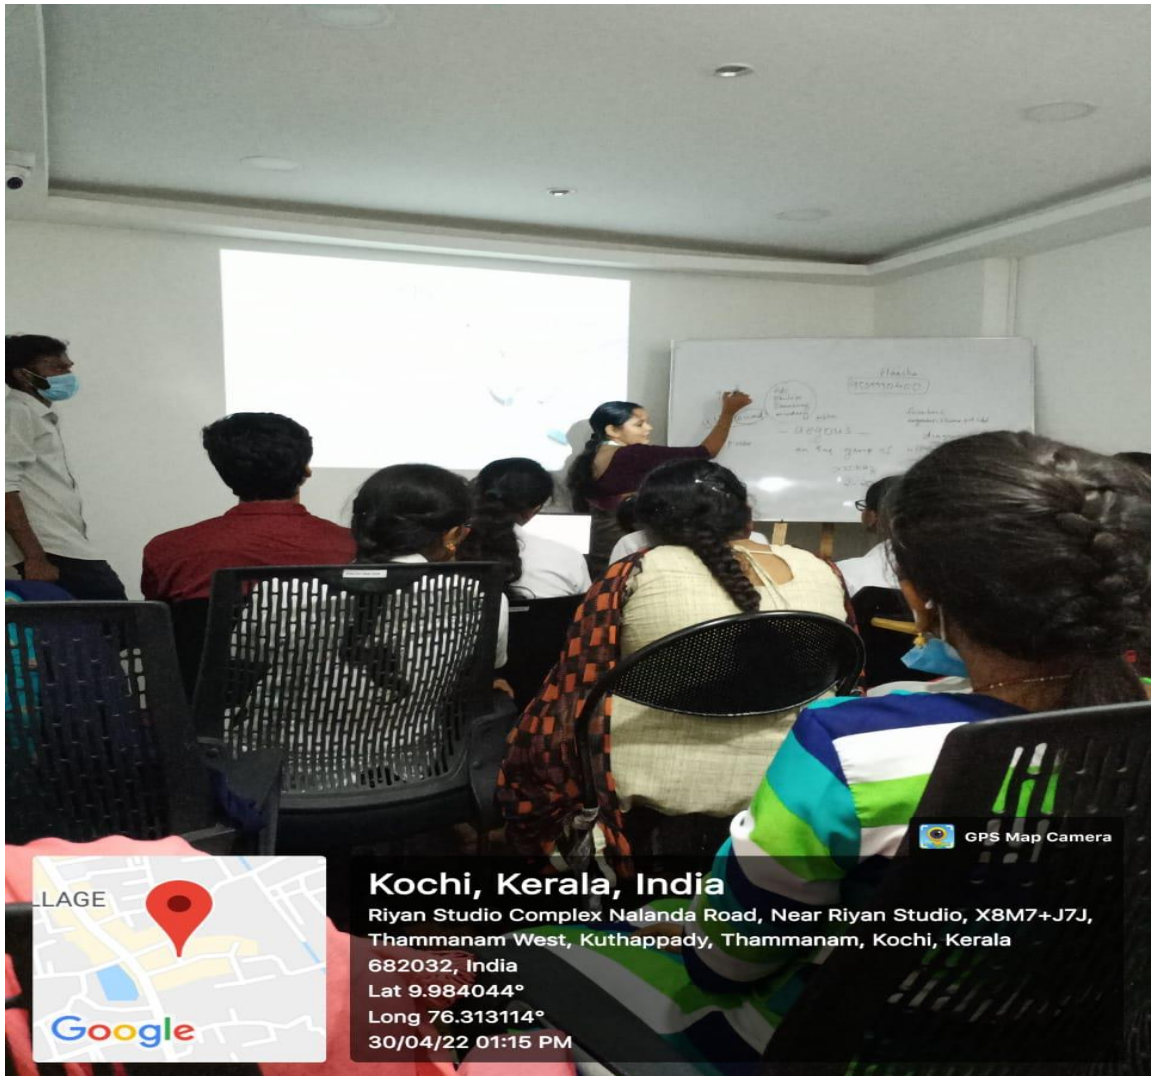

Aegous healthcare Pvt Ltd, Ernakulam, Kerala

Aegous healthcare Pvt Ltd in Ernakulam is one of the leading businesses in Ultrasound machines. Also known for X-rays, Patient monitors, Defibrillator, ECG machine, Radiological care equipment's and Laboratory equipment's. The workings of these equipment were also demonstrated and explained clearly. The live demonstration was one of the best parts of this visit. Each and every piece of equipment was dismantled and explained. Every part of the equipment was discussed clearly and all the doubts were cleared on spot. This explanation was carried out rotationally so as to utilize the time given to us and also to use it most effectively.

They have arranged us as batches to avoid crowds. Each batch is sent to different equipment and each step of processing in equipment is explained clearly by the session and then the live demonstration helps us understand everything clearly. .

Feedback

Students generalized opinion of the entire event: it was useful, the plant's staff were helpful and supportive. It helped us to get knowledge and experience about the Medical equipment like Ultrasound machines, ECG machines, X-ray machines, and portable patient monitors. We got a clear idea of what happens in these equipment as they were also demonstrated during that session. All the functions and operations that can be performed by that particular equipment were also clearly understood.
